

119th Street under U.S. 69 Highway will close over the April 12 weekend

Posted Apr. 11, 2024

In Overland Park, eastbound and westbound 119th Street under U.S. 69 will be **fully closed** to traffic from 7 p.m. Friday, Apr. 12 to 5 p.m. Sunday, Apr. 14. Ramps will remain open for right-turn off and on movements.

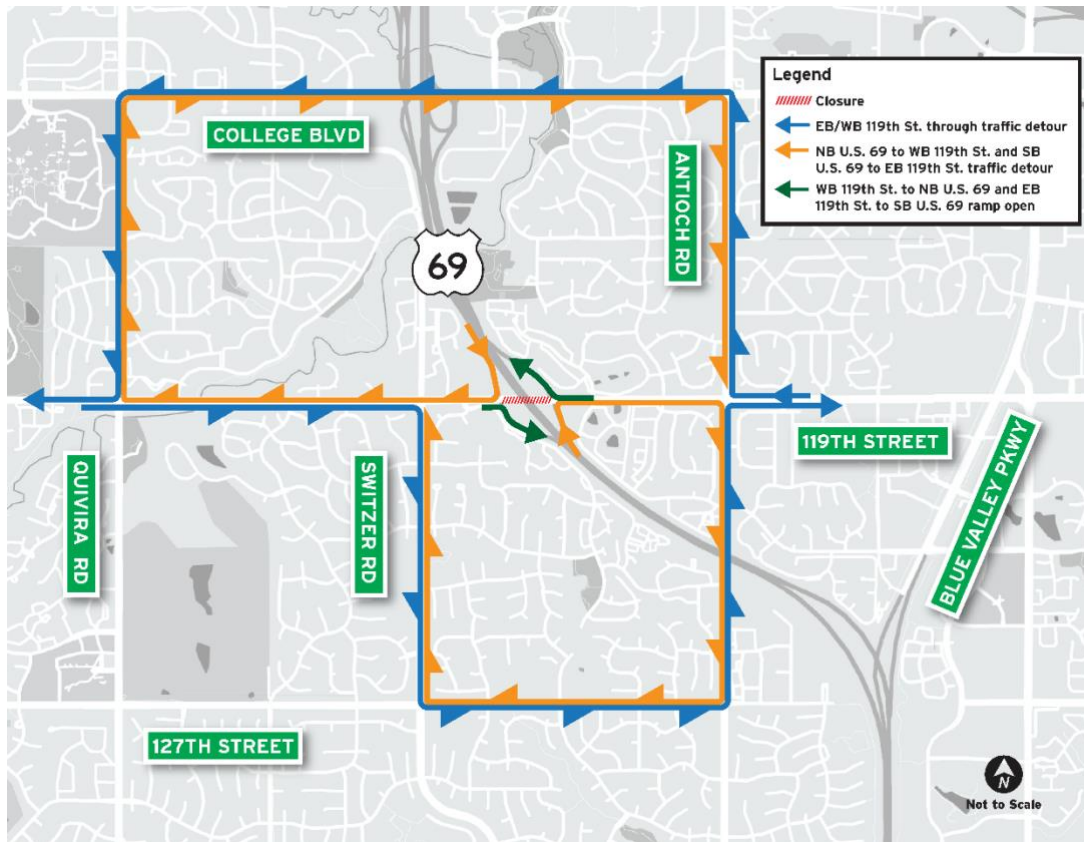

During the closure, detours will be marked as follows:

- **Westbound traffic will be directed to one of two routes:**
 - **South on Antioch to turn right on 127th Street, then right on Switzer. Take Switzer north to 119th Street and turn left.**
 - **Alternatively, turn right on Antioch, take Antioch north and then turn left on College Blvd. East on College to then turn left on Quivira. Take Quivira south to 119th Street and turn right.**
-
- **Eastbound traffic also has two route options:**
 - **South on Switzer to turn left on 127th Street, then left on Antioch. Take Antioch north to 119th Street and then turn right.**
 - **Alternatively, drive north on Quivira and turn right at College Blvd. Take College east to Antioch. Turn right on Antioch, take Antioch south to 119th Street and then turn left.**

This weekend closure is necessary for demolition of the northbound U.S. 69 bridge over 119th Street. The work is part of the KDOT U.S. 69 Expansion Project (69Express). All scheduled project work is weather permitting and subject to change.

The 69Express project includes reconstruction of U.S. 69, widening the highway with added express lanes – one in each direction between 151st and 103rd Streets – and interchange improvements at U.S. 69/167th Street in Overland Park.

Map below shows the closure location marked in red and the detour routes marked in orange and blue.

All current U.S. 69 corridor construction and closure information is available on the 69Express project website, www.69express.org. For additional information, members of the public can get regular construction updates on the project on [Facebook](#) and [X](#) (formerly Twitter) pages and by [subscribing to the project newsletter](#) and [signing up to receive text message alerts](#).
