

Southbound Blue Valley Parkway Ramp to U.S. 69 Highway will close overnight May 1

Posted May 1, 2024

In Overland Park, the southbound Blue Valley Parkway ramp to U.S. 69 will be **fully closed** to traffic from 8 p.m. Wednesday, May 1 to 6 a.m. Thursday, May 2, weather permitting.

During the closure, detours will be marked as follows:

- Traffic will be directed to turn left on 123rd St. Take 123rd St. east to Metcalf Ave., then turn right onto Metcalf Ave. Take Metcalf Ave. south to 135th St. For traffic desiring to enter southbound U.S. 69, turn right on 135th St. and drive west toward U.S. 69.

The overnight closure is necessary for 69Express construction crews to complete a traffic switch at that location. The work is part of the KDOT U.S. 69 Expansion Project (69Express). All scheduled project work is weather permitting and subject to change.

The 69Express project includes reconstruction of U.S. 69, widening the highway with added express lanes – one in each direction between 151st and 103rd Streets – and interchange improvements at U.S. 69/167th Street in Overland Park.

All current U.S. 69 corridor construction and closure information is available on the 69Express project website, www.69express.org. For additional information, members of the public can get regular construction updates on the project on [Facebook](#) and [X](#) (formerly Twitter) pages and by [subscribing to the project newsletter](#) and [signing up to receive text message alerts](#).
