

139th and 143rd Street under U.S. 69 will reopen June 16

Posted June 14, 2024

In Overland Park, 139th and 143rd Streets under U.S. 69 will reopen Sunday, June 16 to eastbound and westbound traffic. The roads have been fully closed to traffic since mid-March to allow bridge construction on U.S. 69 to be completed safely.

As part of this work, 139th Street was also reconstructed, including the addition of sidewalk and trail connections across U.S. 69.

The work is part of the KDOT U.S. 69 Expansion Project (69Express). The 69Express project includes reconstruction of U.S. 69, widening the highway with added express lanes – one in each direction between 151st and 103rd Streets – and interchange improvements at U.S. 69/167th Street in Overland Park.

All current U.S. 69 corridor construction and closure information is available on the 69Express project website, www.69express.org. For additional information, members of the public can get regular construction updates on the project on [Facebook](#) and [X](#) (formerly Twitter) pages and by [subscribing to the project newsletter](#) and [signing up to receive text message alerts](#).
