

Northbound 151st Street ramp to U.S. 69 Highway will close Monday, Dec. 9 to permit traffic shift

Posted Dec. 6, 2024

In Overland Park, the northbound 151st Blvd. ramp to U.S. 69 Highway will be **fully closed** to traffic from 9 a.m. to 3 p.m. Monday, Dec. 9, weather permitting.

During the closure, message boards will be in place to inform drivers of the detour route.

The closure is necessary to allow for a traffic shift on northbound U.S. 69. The work is part of the KDOT U.S. 69 Expansion Project (69Express). All scheduled project work is weather permitting and subject to change.

The 69Express project includes reconstruction of U.S. 69, widening the highway with added express lanes – one in each direction between 151st and 103rd Streets – and interchange improvements at U.S. 69/167th Street in Overland Park.

All current U.S. 69 corridor construction and closure information is available on the 69Express project website, www.69express.org. For additional information, members of the public can get regular construction updates on the project on [Facebook](#) and [X](#) (formerly Twitter) pages and by [subscribing to the project newsletter](#) and [signing up to receive text message alerts](#).
